The secure, friendly, and convenient way  
for school payments

## a Great System for Parents

- Pay for child's meals and school activities via Internet or Telephone from the convenience of home or office 24/7
- Schedule automatic payments based on account balance
- Monitor what your child eats online
- Receive e-mail notification of meal account balance / low balance
- Pay with credit cards for all school activities from one convenient location

## a Great System for Students

Never worry about having money for lunch!

- Your parents will enjoy the convenience, security, and control
- They will appreciate the ability to pay for all of your school activities with one credit card payment
- They will be able to know at any point how much money you have in your school lunch account
- If your parents use the recurring payment option, you never have to worry about low balances again

I just love the PAMS system.  
Thanks for creating such a useful  
support tool for parents.  
Jennifer W. Bothell, WA

I like this system. It is nice  
to be able to see the balances and  
pay from home instead of relying on a  
child to turn \$ in. I have not had to have my  
child 'borrow' money since I started using  
this system.  
Robin B. San Diego, CA

I just wanted  
to let you know  
how much I  
appreciate PayPAMS. I  
think the service and  
email notifications are  
wonderful! It takes one  
more thing off of my list of  
'things to do as Mom'.  
Thank you from the  
bottom of my heart!  
Heidi W. Woodbury,  
MN

Just want you to know that I  
think you have a GREAT SERVICE and it  
is worth every penny to be able to track  
how my kids spend their lunch money and  
to add whenever I need to. THANKS!!!  
Sherry M. Duluth, MN

I really like having the automatic/  
recurring payment feature. That way I  
know my daughter always has money in  
her account for lunch should she want  
and/or need it.  
Kathy W. Woodbury, MN

I can't tell you how often my kids have gotten on the school bus and the thought hit me "OH NO! When was the last time I sent lunch money? Are they going to go hungry today?" Well not anymore. I can go online and see exactly how much money is left on their account. I can even see how many french fries she has ordered and whether or not she skipped breakfast....and best of all I can do this anytime of the day or night and even in my pajamas and fuzzy slippers :)  
Tina B. Summerdale, AL

Some school districts accept payments also for:

**After School Care**

Summer School

**Athletics**

Field Trips

**Transportation**

Community Education

**And more!**

**Welcome to PayPAMS!**
