

ADVANCED COURSEWORK

GOALS:

- Students are able to take Dual Enrollment, DE, Advanced Placement, AP, or Cambridge General Papers classes to prepare for college.
- Enjoy coursework that focuses on student interest and future goals
- Save tuition costs by taking AP and DE classes in high school for no charge, with the intention of earning college credit
- Improve admissions potential by showing college admission professionals student's focus and pre.

Dual Enrollment Coursework

- Dual Enrollment allows qualified students an opportunity to enroll in college courses and receive both high school credit and college credit.
- The Sumter District partners with Lake Sumter State College to provide its students the opportunity to take college courses while in high school.

Advanced Placement Coursework

- Advanced Placement courses allow all students to take courses aligned with college-level content and learning outcomes.
- Students are eligible for college credit if the student passes the end-of-course College Board AP Exam.
